

CHECKLIST for gender equality analysis

- What is the current situation in the area concerned and why?
- How are women involved in the work of identifying problems and planning the project?
- Have you taken into account specific conditions and problems of male and female members?
- What are women's and men's priorities?
- How are women and men represented in different structures?
- How do you work to increase gender equality in your organisation?
- Are there any obstacles and if so, what are they?
- Do you have a gender equality policy?
- What are its most important points?
- Is it applied?
